

I am a resident of Eufaula, Ok. I listen to K-LOVE radio station every day. I drive 26 miles to McAlester and back. I believe this is the most uplifting, wholesome, positive radio station on the air. On vacation in California this summer we listened to this station all the way across the state. Please do not replace this station. It is an inspiration to the county and community. In these days where "anything" can be broadcast, families can depend on K-Love to be family friendly!!
